American Cancer Society
Relay For Life®
Celebrate. Remember. Fight Back.

Dear **Eliza**,

Thank you, thank you, thank you!

The American Cancer Society Relay For Life® of Katahdin Area was a resounding success. The efforts of everyone who Relayed online played a huge part in our achievements.

But thank you seems inadequate given the significant impact your help has had on the fight against cancer. Of course, the real thanks come from the cancer patients and public that benefits from the money the American Cancer Society spends on research, patient services, education to ensure that everyone knows how they can reduce their risk, and advocacy efforts that influence federal, state, and local laws that directly affect how cancer is treated and prevented.

And, think of a newly diagnosed cancer patient who met triumphant survivors at Relay. Or envision the caregiver who finally got to meet someone who had traveled down the same path of compassion, joy, and loss. For such moments, we are truly grateful.

We are proud to report that this year's event raised a total of \$18,000. We had 235 participants and an inspiring group of 25 survivors.

This was truly an amazing year and we appreciate your involvement!

If you have additional check or cash donations, please send them to:
